

## Chairman's Report

The i-Care Foundation is grateful to our donors, partners and well-wishers for their continued commitment towards alleviating human suffering and for making a positive contribution to society. i-Care is proud to be working with a number of partners that are undertaking remarkable initiatives

We highlight the work of three partner charities in this issue of our newsletter.

The Hunar Foundation, our partner organization, deserves recognition for providing quality vocational training in marketable skills to underprivileged students. By equipping these students with professional training, the foundation is providing people with an opportunity to earn a sustainable livelihood. Having a marketable skill empowers people and provides them with the self-confidence that is required for success in the world.

The Centre for Development of Social Services (CDSS) caters to the needs of the population of Korangi, a low-income neighbourhood of Karachi. Like Rashid Memorial Welfare Organization (RMWO) at Rashidabad, near Tando Allahyar that i-Care also supports, CDSS provides various services to nearby residents including formal and informal education, teacher training, technical and vocational training and medical services.

Another initiative we highlight here is The Cancer Foundation's Cancer Hospital Project. Unlike other organizations providing cancer treatment to patients, this organization's model allows for the treatment of all cancer patients irrespective of their stage of disease or economic status. Not burdening the patients with the financial cost associated with the hospital expansion, this Foundation is able to reduce the cost of services to their patients by at least 40 percent, compared to the amounts paid by patients at similar hospitals.

Finally, I wish to acknowledge the management of our partner organizations and the efforts of the management of i-Care in implementing these noble initiatives that enrich the lives of others.

Farrokh K. Captain  
Chairman

## Pakistan's First Donor Advised Fund

i-Care is a not-for-profit and tax-exempt trust, which was established in 2008 as Pakistan's first donor-advised fund (DAF). A DAF is a hassle free, low cost, flexible vehicle for charitable giving as an alternative to direct giving or private foundations. i-Care donors benefit from administrative convenience as i-Care undertakes the management and administrative aspects of monitoring, fund disbursement and getting fund utilization reports.

## The Hunar Foundation: A Vision for Skilled Pakistan

Students learning various marketable skills

The Hunar Foundation (THF) was set up in 2010 with a vision of a Skilled Pakistan. The key objective of THF is to provide young adults with international standard vocational training that meets the expectations of the market, leading to employment or small business creation – and eventually economic freedom and empowerment. The foundation is providing training in Fabrication & Welding Technology, Electrical Installation, Plumbing, Refrigeration & Air Conditioning, General Fitter & Plant Maintenance, Motorcycle Mechanic, UPS & Generator Repair, & CNC Machine Operator at THF centres for men. Moreover THF is currently offering Hair Dressing & Beauty Therapy courses in its women’s institute. The foundation is providing these trainings at four centres (two in Karachi, one in Lahore and one in Tando Allahyar, Sindh).

All the training programmes offered by THF are accredited by City & Guilds, UK which is a leading provider of vocational qualifications that are recognized in over 80 countries.

Donors can sponsor a one year’s training for a student for US\$ 1,000. It is estimated that each graduate will economically support a family of 6 persons. For further details visit: [www.hunarfoundation.org](http://www.hunarfoundation.org)

## CDSS: An Urban Hub for Development and Social Services

Building of The Korangi Academy

A view of Education & Training Centre (IETC)

The Centre for Development of Social Services (CDSS) is a manifestation of the vision of Agha Hasan Abedi who envisioned a township providing various social services for low income families. Located in Korangi, an under-developed area of Karachi, CDSS is spread over 72 acres of land and to date, some Rs.400 million have been spent on the development of buildings and other infrastructure. So far to date, CDSS has established and is running eight units. These units are Korangi Academy (KA), INFAQ Education & Training Centre (IETC), INFAQ Community Healthcare Centre (IHC), INFAQ-Behbud Craft Training & Adult Literacy Centre (CTALC), SOS Technical Training Institute, INFAQ Graduate Institute for Teachers Education and Boys Hostel.

The Korangi Academy is a custom-built school and college up to the intermediate level. It has well-equipped science labs, computer labs, has a number of audio visual aids and a well-stocked library.

IETC girls’ school and college provides quality education. It also conducts Graduate Classes and Teachers’ Training. It has well-equipped computer and English language labs and as well as facilities for indoor and outdoor games.

IHC is a medical facility with qualified and experienced doctors. It provides medicines, basic lab tests, TB treatment, immunization, and eye treatment. Around 300 patients visit the IHC daily and avail these services for a token fee of Rs. 10.

IGITE offers a bachelor programme in Education (B.Ed.). It aims to make positive contribution towards teachers’ development to improve the standard of education, by providing qualified and trained teachers to the schools system in Pakistan.

SOS Technical Training Institute provides technical education and vocational training through experienced instructors and state-of-the-art laboratories. It offers classes in automobile mechanics, general electrician, motorcycle mechanic, English and Information Technology.

CTALC provides technical education and vocational training to girls. It offers classes in dressmaking, embroidery and adult literacy.

## The Cancer Foundation: A Unique Model of Quality Healthcare

Model of the Cancer Hospital Building

Project site of the Cancer Hospital

The Cancer Foundation aims to build and operate a hospital for the holistic treatment of cancer. Multiple secondary and tertiary units with teaching facilities are being built in Karachi. The Cancer Foundation goal is to develop a welfare healthcare system having no commercial intent or considerations. It would involve community and the government to shoulder the financial burden of establishing and operating the institution. This results in significant price reduction for the patients, making quality healthcare more affordable. The hospital will be a centre of excellence with a focus on quality and not profit.

The Cancer Foundation hospital is not free, but it is a fair hospital. Their 'business model' will ensure that the cost to patients is lower by at least 40 percent when compared to similar organizations. Patients who cannot afford treatment at all will be subsidized by Zakat and other donations. Patients, in addition to reduction in the cost of treatment will get significant price reductions in laboratory tests (up to 70%) and at the pharmacy (up to 40%).

This will be a 80 bed facility with 18 beds Intensive Care (ICU) and Step Down units (SDU). The anticipated cost of building and equipping this hospital and the first year's operating cost would be Rs.700 million. This facility will incorporate all modern radiological facilities including multi-slice CT scanner, nuclear medicine and an automated high throughput laboratory. There will be three well-equipped operating rooms, three endoscopy suites, an eight room consulting clinic, an urgent care unit, 60 inpatient beds and a 12 bed chemotherapy bay.

A radiation oncology department with facilities for radiation planning and treatment will also be set up. Modern linear accelerators will be installed for radiation treatment. A full service non-profit pharmacy to provide on-line and on-site service is also planned.

## i-Care Showcases its Model of Philanthropy at the 4th CSR Summit

i-Care at the 4th CSR Summit

Visitors enquiring about i-Care's Model of philanthropy

On the invitation of The Professionals Network, i-Care presented its model of philanthropy to a large group of business and industry leaders and CSR professionals at the International Responsible Business Summit on February 12, 2015 in Karachi.

With more than 300 individuals, including over 100 CEOs from various corporations, national and international NGOs, government, academia, showbiz and media personnel attending this mega event, this was the largest gathering of CSR practitioners and activists in Pakistan.

Presentations were given by various prominent members of the society including Commissioner Karachi Mr. Shoaib Siddiqui, President and CEO of Brookes Pharma Senator Abdul Haseeb Khan, Additional IGP Sindh Police Ghulam Qadir Thebo, Consul General of Switzerland, Mr. Emil Wyss, President and CEO Habib Metro Bank Mr. Sirajuddin Aziz, Vice Chairman, House of Habib Mr. Sohail P. Ahmed, Chairman, Pakistan Institute of Corporate governance Mr. Muhammad Abdullah Yousuf,, Founder of Marie Adelaide Leprosy Centre Dr. Ruth Pfao, the CEO of Indus Hospital, Dr. Abdul Bari Khan, and the CEO The i-Care Foundation Mr Faisal Farooq Khan.
